

CLINICAL PHARMACOLOGY & THERAPEUTICS

EDITOR

Marcus M. Reidenberg, M.D.

EDITOR EMERITUS

Walter Modell, M.D.

ASSOCIATE EDITORS

Arthur J. Atkinson, Jr., M.D.

Paul D. Stolley, M.D., M.P.H.

Raymond L. Woosley, M.D., Ph.D.

MANAGING EDITOR

June Reidenberg

SENIOR MANUSCRIPT EDITOR

Leslie Webb

Subject index

A

Abstracts

Abstracts. 1987;41:155-248

Absorption

Effect of food on the absorption of enteric-coated aspirin: correlation with gastric residence time (Mojaverian et al). 1987;41:11-7

Abuse

Human pharmacology and abuse potential of meptazinol (Johnson and Jasinski). 1987;41:426-33

Acetaminophen

Dose-dependent pharmacokinetics of acetaminophen: evidence of glutathione depletion in humans (Slattery et al). 1987;41:413-8
The effect of acetaminophen on the disposition of fenoldopam: competition for sulfation (Ziemniak et al). 1987;41:275-81

Acitretin

Acitretin (USAN List No. 283). 1987;41:595

Acquired immunodeficiency syndrome

Plasma and cerebrospinal fluid pharmacokinetics of 3'-azido-3'-deoxythymidine: a novel pyrimidine analog with potential application for the treatment of patients with AIDS and related diseases (Klecker RW et al). 1987;41:407-12
Ribavirin disposition in high-risk patients for acquired immunodeficiency syndrome (Lastin et al). 1987;41:546-55

Activated charcoal

The effect of sorbitol and activated charcoal on serum theophylline concentrations after slow-release theophylline (Goldberg et al). 1987;41:108-11

Adrenergic reflexes

Effects of indenolol on blood pressure, lower limb blood flow, adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50

Adriamycin

Plasma and cellular Adriamycin concentrations in patients with myeloma treated with ninety-six-hour continuous infusion (Speth et al). 1987;41:661-5

Adverse effects

Survival analysis of adverse effects data in the Beta-Blocker Heart Attack Trial (Davis et al). 1987;41:611-6

Age

Age differences in trimethoprim pharmacokinetics: need for revised dosing in children (Hoppu). 1987;41:336-43
Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70

AIDS; see Acquired immunodeficiency syndrome

Alcohol

Effect of ascorbic acid on the consequences of acute alcohol consumption in humans (Susick and Zannoni). 1987;41:502-9
The serotonin uptake inhibitor citalopram attenuates ethanol intake (Naranjo et al). 1987;41:266-74

Alpidem

Alpidem (USAN List No. 284). 1987;41:679

American Society for Clinical Pharmacology and Therapeutics

Abstracts of papers presented at the Eighty-eighth Annual Meeting. 1987;41:155-248
ASCPT abstract form. 1987;41:713-4

Future meeting dates and sites of the ASCPT. 1987;41:632

Index to abstract authors. 1987;41:249-58

Meeting program. 1987;41:127-54

Notes of the American Society for Clinical Pharmacology and Therapeutics. 1987;41:480; 590-4

Amidolytic activator

Pharmacokinetics of streptokinase in patients based on amidolytic activator complex activity (Grierson and Bjornsson). 1987;41:304-13

Amiodarone

Amiodarone (USAN List No. 282). 1987;41:482
Pharmacokinetics and electrophysiologic interactions of amiodarone and procainamide (Windle et al). 1987;41:603-10

Amiprilose hydrochloride

Amiprilose hydrochloride (USAN List No. 283). 1987;41:596

Angiotensin

Inhibition of angiotensin-I response by cilazapril and its time course in normal volunteers (Wellstein et al). 1987;41:639-44
Inhibition of renal clearance of furosemide by pentopril, an angiotensin-converting enzyme inhibitor (Rakhit et al). 1987;41:580-6

Antagonist; see Beta blocker; Calcium antagonist

Effect of calcium antagonists on basal and digitalis-dependent changes in splanchnic and systemic hemodynamics (Gasic et al). 1987;41:460-5

Anticholinergic effect

Little anticholinergic effect of E-10-hydroxynortriptyline compared with nortriptyline in healthy subjects (Nordin et al). 1987;41:97-102

Antihypertensive agent; see Hypertension

Antipyrine

The absence of significant biliary excretion of antipyrine or its metabolites in humans (Wissel and Kappas). 1987;41:85-7
The effect of propylene glycol on antipyrine clearance in humans (Nelson et al). 1987;41:571-3
Studies on theophylline metabolism: autoinduction and inhibition by antipyrine (Denlinger et al). 1987;41:522-30

Ascorbic acid

Effect of ascorbic acid on the consequences of acute alcohol consumption in humans (Susick and Zannoni). 1987;41:502-9

Aspirin

Effect of food on the absorption of enteric-coated aspirin: correlation with gastric residence time (Mojaverian et al). 1987;41:11-7
Fluradoline and aspirin for orthopedic postoperative pain (McQuay et al). 1987;41:531-6

Atenolol

Atenolol for ventricular ectopy: a dose-response study (Fenster et al). 1987;41:118-23

Atrial natriuretic peptide

Pharmacokinetics of synthetic atrial natriuretic peptides (Biollaz et al). 1987;41:671-7

Autoinduction

Studies on theophylline metabolism: autoinduction and inhibition by antipyrine (Denlinger et al). 1987;41:522-30

3'-azido-3'-deoxythymidine

Plasma and cerebrospinal fluid pharmacokinetics of 3'-azido-3'-deoxythymidine: a novel pyrimidine analog with potential ap-

January, pp. 1-154; February, pp. 155-258; March, pp. 259-364; April, pp. 365-482; May, pp. 483-596; June, pp. 597-714.

plication for the treatment of patients with AIDS and related diseases (Klecker RW et al). 1987;41:407-12

Azumolene sodium

Azumoline sodium (USAN List No. 283). 1987;41:596

B

Beta-2-adrenoceptors

Dynamic exercise-induced increase in lymphocyte beta-2-adrenoceptors: abnormality in essential hypertension and its correction by antihypertensives (Brodde et al). 1987;41:371-9

Beta-blocker

Calcium entry blockade or beta-blockade in long-term management of hypertension in blacks (M'Buyamba-Kabangu et al). 1987;41:45-54

Hemodynamic interaction of nonselective vs. beta-1-selective beta-blockade with hydralazine in normal humans (Reeves et al). 1987;41:326-35

A single dose of three different ophthalmic beta-blockers antagonizes the chronotropic effect of isoproterenol in healthy volunteers (Berlin et al). 1987;41:622-6

Beta-Blocker Heart Attack Trial

Survival analysis of adverse effects data in the Beta-Blocker Heart Attack Trial (Davis et al). 1987;41:611-6

Biguanide

Plasma biguanide levels are correlated with metabolic effects in diabetic patients (Marchetti et al). 1987;41:450-5

Biliary excretion

The absence of significant biliary excretion of antipyrine or its metabolites in humans (Wissel and Kappas). 1987;41:85-7

Bioavailability

Cimetidine and ranitidine increase midazolam bioavailability (Fee et al). 1987;41:80-4

The effect of methotrexate on the bioavailability of oral 6-mercaptopurine (Balis et al). 1987;41:384-7

Bisoprolol

Bisoprolol (USAN List No. 284). 1987;41:687

Bisoprolol fumarate

Bisoprolol fumarate (USAN List No. 284). 1987;41:689

Bispyrithione magsulfex

Bispyrithione magsulfex (USAN List No. 284). 1987;41:689

Black patients

Calcium entry blockade or beta-blockade in long-term management of hypertension in blacks (M'Buyamba-Kabangu et al). 1987;41:45-54

Blood flow

Effects of indenolol on blood pressure, lower limb blood flow, adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50

Blood pressure; see also Hypertension

Effects of indenolol on blood pressure, lower limb blood flow, adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50

Bolus injection

Effects of bolus injection of esmolol in healthy, exercising subjects (Ellenbogen et al). 1987;41:455-9

Pharmacokinetics and pharmacodynamics of esmolol administered as an intravenous bolus (Sintetos et al). 1987;41:112-7

Bromazepam

Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70

Butaprost

Butaprost (USAN List No. 280). 1987;41:125

C

Calcium antagonist

Calcium entry blockade or beta-blockade in long-term management

of hypertension in blacks (M'Buyamba-Kabangu et al). 1987;41:45-54

Effect of calcium antagonists on basal and digitalis-dependent changes in splanchnic and systemic hemodynamics (Gasic et al). 1987;41:460-5

Cardiac effects; see also Heart

Additive effect of theophylline on the cardiac response to isoproterenol (Cusack et al). 1987;41:289-96

Research utility of noninvasive methods for measurement of cardiac output (Hinderliter et al). 1987;41:419-25

Carvedilol

Clinical pharmacology of carvedilol in normal volunteers (Cubeddu et al). 1987;41:31-44

Catalytic properties

Evidence for altered catalytic properties of the cytochrome P-450 involved in sparteine oxidation in poor metabolizers (Osikowska-Evers et al). 1987;41:320-5

Cefixime

Cefixime (USAN List No. 284). 1987;41:688

Cefmetazole sodium

Cefmetazole sodium (USAN List No. 284). 1987;41:688

Cefpiramide

Cefpiramide (USAN List No. 284). 1987;41:685

Cefpiramide sodium

Cefpiramide sodium (USAN List No. 284). 1987;41:687

Ceftiofur hydrochloride

Ceftiofur hydrochloride (USAN List No. 284). 1987;41:689

Ceftiofur sodium

Ceftiofur sodium (USAN List No. 284). 1987;41:687

Cerebrospinal fluid

Plasma and cerebrospinal fluid pharmacokinetics of 3'-azido-3'-deoxythymidine: a novel pyrimidine analog with potential application for the treatment of patients with AIDS and related diseases (Klecker et al). 1987;41:407-12

Cetapime

Cetapime (USAN List No. 284). 1987;41:688

Charcoal

The effect of sorbitol and activated charcoal on serum theophylline concentrations after slow-release theophylline (Goldberg et al). 1987;41:108-11

Children

Age differences in trimethoprim pharmacokinetics: need for revised dosing in children (Hoppp). 1987;41:336-43

Hepatic drug clearance in children with leukemia: changes in clearance of model substrates during remission-induction therapy (Relling et al). 1987;41:651-60

Chlorpheniramine polistirex

Chlorpheniramine polistirex (USAN List No. 281). 1987;41:363

Chronotropic effect

A single dose of three different ophthalmic beta-blockers antagonizes the chronotropic effect of isoproterenol in healthy volunteers (Berlin et al). 1987;41:622-6

Cibenzoline

Acute, single, intravenous doses of cibenzoline: an evaluation of safety, tolerance, and hemodynamic effects (Humen et al). 1987;41:537-45

Cigarette smoking

Determinants of nicotine intake while chewing nicotine polacrilex gum (Benowitz et al). 1987;41:467-73

Influence of tobacco abstinence on the disposition kinetics and effects of nicotine (Lee et al). 1987;41:474-9

Cilazapril

Inhibition of angiotensin-I response by cilazapril and its time course in normal volunteers (Wellstein et al). 1987;41:639-44

Cimetidine

Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70

- Cimetidine and ranitidine increase midazolam bioavailability (Fee et al). 1987;41:80-4
- Cimetidine hydrochloride**
Cimetidine hydrochloride (USAN List No. 284). 1987;41:680
- Ciprofloxacin**
Ciprofloxacin (USAN List No. 280). 1987;41:124
- Ciprofloxacin hydrochloride**
Ciprofloxacin hydrochloride (USAN List No. 282). 1987;41:481
- Citalopram**
The serotonin uptake inhibitor citalopram attenuates ethanol intake (Naranjo et al). 1987;41:266-74
- Clearance; see Hepatic effects; Renal effects**
- Clebopride**
Clebopride (USAN List No. 284). 1987;41:686
- Clinical pharmacology and therapeutics**
The future of clinical pharmacology and therapeutics (Dollery). 1987;41:1-2 (Commentary)
- Clinical Pharmacology Section**
The Clinical Pharmacology Section of the International Union of Pharmacology (Ogilvie). 1987;41:365-7 (Commentary)
- Clinical trial**
Blinding, unblinding, and the placebo effect: an analysis of patients' guesses of treatment assignment in a double-blind clinical trial (Moscucci et al). 1987;41:259-65
- Codeine polistirex**
Codeine polistirex (USAN List No. 281). 1987;41:363
- Commentaries**
Commentaries. 1987;41:1-2; 365-7; 599-603
- Congestive heart failure**
Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9
- Contraceptive**
Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70
- Cytochrome P-450**
Evidence for altered catalytic properties of the cytochrome P-450 involved in sparteine oxidation in poor metabolizers (Osikowska-Evers et al). 1987;41:320-5

D

- Debrisoquin**
Hydroxylation of desmethylimipramine: dependence on the debrisoquin hydroxylation phenotype (Spina et al). 1987;41:314-9
- Declaben**
Declaben (USAN List No. 284). 1987;41:693
- Delapril**
Pharmacokinetics and depressor effect of delapril in patients with essential hypertension (Shionoiri et al). 1987;41:74-9
- Depressor effect**
Pharmacokinetics and depressor effect of delapril in patients with essential hypertension (Shionoiri et al). 1987;41:74-9
- Desciclovir**
Desciclovir (USAN List No. 284). 1987;41:690
- Desipramine**
Nonlinear desipramine kinetics: prevalence and importance (Nelson and Jatlow). 1987;41:666-70
- Desmethylimipramine**
Hydroxylation of desmethylimipramine: dependence on the debrisoquin hydroxylation phenotype (Spina et al). 1987;41:314-9
- Dexamethasone acecurate**
Dexamethasone acecurate (USAN List No. 284). 1987;41:690
- Dexamethasone dipropionate**
Dexamethasone dipropionate (USAN List No. 283). 1987;41:596
- Dextromethorphan polistirex**
Dextromethorphan polistirex. (USAN List No. 281). 1987;41:364

Diabetes

- Lack of effect of hepatic enzyme induction on metabolic control in patients with type 2 (non-insulin-dependent) diabetes (Korhonen et al). 1987;41:633-8
- Plasma biguanide levels are correlated with metabolic effects in diabetic patients (Marchetti et al). 1987;41:450-5

Diet

- Increased clearance of propranolol and theophylline by high-protein compared with high-carbohydrate diet (Fagan et al). 1987;41:402-6
- Sustained reductions in oxipurinol renal clearance during a restricted diet (Park et al). 1987;41:617-21

Digitalis

- Effect of calcium antagonists on basal and digitalis-dependent changes in splanchnic and systemic hemodynamics (Gasic et al). 1987;41:460-5

Dihydropyridine

- Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

Disiquonium chloride

- Disiquonium chloride (USAN List No. 284). 1987;41:690

Dobutamine tartrate

- Dobutamine tartrate (USAN List No. 280). 1987;41:125

Donetidine

- Donetidine (USAN List No. 284). 1987;41:691

Dopaminergic effects

- Effect on the endocrine system of a new dopaminergic agent, ibopamine (Soreth et al). 1987;41:627-32
- Noradrenergic and dopaminergic effects of nomifensine in healthy volunteers (Scheinin et al). 1987;41:88-96

Double-blind clinical trial

- Blinding, unblinding, and the placebo effect: an analysis of patients' guesses of treatment assignment in a double-blind clinical trial (Moscucci et al). 1987;41:259-65

Doxazosin

- Clinical pharmacology of doxazosin in patients with essential hypertension (Cubeddu et al). 1987;41:439-49

Doxycycline fosfatex

- Doxycycline fosfatex (USAN List No. 280). 1987;41:125

E

Ebastine

- Ebastine (USAN List No. 284). 1987;41:692

Ectopy

- Atenolol for ventricular ectopy: a dose-response study (Fenster et al). 1987;41:118-23

Edifolone acetate

- Edifolone acetate (USAN List No. 284). 1987;41:679

Eicosanoid

- Effects of sulindac on renal and extrarenal eicosanoid synthesis (Ciabattini et al). 1987;41:380-3

Electrophysiology

- Pharmacokinetics and electrophysiologic interactions of amiodarone and procainamide (Windle et al). 1987;41:603-10

Elimination

- Elimination of enoxacin in renal disease (Bury et al). 1987;41:434-8
- Stability of theophylline elimination rate (Milavetz et al). 1987;41:388-91

Enalapril

- Age and the pharmacokinetics and pharmacodynamics of chronic enalapril treatment (Less and Reid). 1987;41:597-602

Endocrine system

- Effect on the endocrine system of a new dopaminergic agent, ibopamine (Soreth et al). 1987;41:627-32

Enoxacin

Elimination of enoxacin in renal disease (Bury et al). 1987;41:434-8

Enteric-coated aspirin

Effect of food on the absorption of enteric-coated aspirin: correlation with gastric residence time (Mojaverian et al). 1987;41:11-7

Enzyme

Inhibition of renal clearance of furosemide by pentopril, an angiotensin-converting enzyme inhibitor (Rakhit et al). 1987;41:580-6

Lack of effect of hepatic enzyme induction on metabolic control in patients with type 2 (non-insulin-dependent) diabetes (Korhonen et al). 1987;41:633-8

Erythrocyte

Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25

Esmolol

Effects of bolus injection of esmolol in healthy, exercising subjects (Ellenbogen et al). 1987;41:455-9

Pharmacokinetics and pharmacodynamics of esmolol administered as an intravenous bolus (Sintetos et al). 1987;41:112-7

Eserubicin hydrochloride

Eserubicin hydrochloride (USAN List No. 284). 1987;41:684

Ethanol

Effect of ascorbic acid on the consequences of acute alcohol consumption in humans (Susick and Zannoni). 1987;41:502-9

The serotonin uptake inhibitor citalopram attenuates ethanol intake (Naranjo et al). 1987;41:266-74

Etofenamate

Etofenamate (USAN List No. 282). 1987;41:482

Excretion

The absence of significant biliary excretion of antipyrine or its metabolites in humans (Wissel and Kappas). 1987;41:85-7

Exercise

Dynamic exercise-induced increase in lymphocyte beta-2-adrenoceptors: abnormality in essential hypertension and its correction by antihypertensives (Brodde et al). 1987;41:371-9

Effects of bolus injection of esmolol in healthy, exercising subjects (Ellenbogen et al). 1987;41:455-9

The effects of verapamil and propranolol on exercise tolerance in hypertensive patients (Mooy et al). 1987;41:490-5

F

Fazarabine

Fazarabine (USAN List No. 284). 1987;41:680

Felbinac

Felbinac (USAN List No. 284). 1987;41:693

Fengabine

Fengabine (USAN List No. 284). 1987;41:680

Fenoldopam

The effect of acetaminophen on the disposition of fenoldopam: competition for sulfation (Ziemniak et al). 1987;41:275-81

The effect of fenoldopam, a dopaminergic agonist, on renal hemodynamics (Allison et al). 1987;41:282-8

Fibrinogenolysis

A kinetic analysis of fibrinogenolysis during plasminogen activator therapy (Noe and Bell). 1987;41:297-303

Finger

Intra-arterial vasodilator agents to reverse human finger vasoconstriction (Coffman and Cohen). 1987;41:574-9

Fleroxacin

Fleroxacin (USAN List No. 284). 1987;41:682

Flumazenil

Flumazenil (USAN List No. 280). 1987;41:124

Fluradoline

Fluradoline and aspirin for orthopedic postoperative pain (McQuay et al). 1987;41:531-6

Flurbiprofen

Relationships between thromboxane production, platelet aggregability, and serum concentrations of ibuprofen or flurbiprofen (Cox et al). 1987;41:510-21

Food; see also Diet

Effect of food on the absorption of enteric-coated aspirin: correlation with gastric residence time (Mojaverian et al). 1987;41:11-7

Fosinopril sodium

Fosinopril sodium (USAN List No. 284). 1987;41:684

Furosemide

Inhibition of renal clearance of furosemide by pentopril, an angiotensin-converting enzyme inhibitor (Rakhit et al). 1987;41:580-6

G

Gastric residence time

Effect of food on the absorption of enteric-coated aspirin: correlation with gastric residence time (Mojaverian et al). 1987;41:11-7

Gender

Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70

Genetics

Pharmacogenetic application of methods from population genetics (Kimberling et al). 1987;41:3-10 (Commentary)

Glutathione

Dose-dependent pharmacokinetics of acetaminophen: evidence of glutathione depletion in humans (Slattery et al). 1987;41:413-8

Gum

Determinants of nicotine intake while chewing nicotine polacrilex gum (Benowitz et al). 1987;41:467-73

H

Heart

Additive effect of theophylline on the cardiac response to isoproterenol (Cusack et al). 1987;41:289-96

Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

Research utility of noninvasive methods for measurement of cardiac output (Hinderliter et al). 1987;41:419-25

Survival analysis of adverse effects data in the Beta-Blocker Heart Attack Trial (Davis et al). 1987;41:611-6

Hemodynamics

Acute, single, intravenous doses of cibenzoline: an evaluation of safety, tolerance, and hemodynamic effects (Humen et al). 1987;41:537-45

Effect of calcium antagonists on basal and digitalis-dependent changes in splanchnic and systemic hemodynamics (Gasic et al). 1987;41:460-5

The effect of fenoldopam, a dopaminergic agonist, on renal hemodynamics (Allison et al). 1987;41:282-8

Hemodynamic effects of orally administered Sunitang in humans (Chen and Hsieh). 1987;41:496-501

Hemodynamic interaction of nonselective vs. beta-1-selective beta-blockade with hydralazine in normal humans (Reeves et al). 1987;41:326-35

Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

Rate of increase in the plasma concentration of nifedipine as a major determinant of its hemodynamic effects in humans (Kleinbloesem et al). 1987;41:26-30

Hepatic effects

Hepatic drug clearance in children with leukemia: changes in clearance of model substrates during remission-induction therapy (Relling et al). 1987;41:651-60

Lack of effect of hepatic enzyme induction on metabolic control in patients with type 2 (non-insulin-dependent) diabetes (Korhonen et al). 1987;41:633-8

Simultaneous administration of multiple model substrates to assess hepatic drug clearance (Crom et al). 1987;41:645-50

Hydralazine

Hemodynamic interaction of nonselective vs. beta-1-selective beta-blockade with hydralazine in normal humans (Reeves et al). 1987;41:326-35

Hydralazine polistirex

Hydralazine polistirex (USAN List No. 281). 1987;41:364

Hydrocodone polistirex

Hydrocodone polistirex (USAN List No. 281). 1987;41:364

Hydroxylation

Hydroxylation of desmethylimipramine: dependence on the debrisoquin hydroxylation phenotype (Spina et al). 1987;41:314-9

E-10-Hydroxynortriptyline

Little anticholinergic effect of E-10-hydroxynortriptyline compared with nortriptyline in healthy subjects (Nordin et al). 1987;41:97-102

Hypertension

Calcium entry blockade or beta-blockade in long-term management of hypertension in blacks (M'Buyamba-Kabangu et al). 1987;41:45-54

Clinical pharmacology of doxazosin in patients with essential hypertension (Cubeddu et al). 1987;41:439-49

Dynamic exercise-induced increase in lymphocyte beta-2-adrenoceptors: abnormality in essential hypertension and its correction by antihypertensives (Brodde et al). 1987;41:371-9

The effects of verapamil and propranolol on exercise tolerance in hypertensive patients (Mooy et al). 1987;41:490-5

Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

Pharmacokinetics and depressor effect of delapril in patients with essential hypertension (Shionoiri et al). 1987;41:74-9

I

Ibopamine

Effect on the endocrine system of a new dopaminergic agent, ibopamine (Soreth et al). 1987;41:627-32

Ibuprofen

Relationships between thromboxane production, platelet aggregability, and serum concentrations of ibuprofen or flurbiprofen (Cox et al). 1987;41:510-21

Idarubicin hydrochloride

Idarubicin hydrochloride (USAN List No. 284). 1987;41:685

Immunodeficiency syndrome; see Acquired immunodeficiency syndrome

Indenolol

Effects of indenolol on blood pressure, lower limb blood flow, adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50

Indomethacin sodium

Indomethacin sodium (USAN List No. 284). 1987;41:680

Infusion

Plasma and cellular Adriamycin concentrations in patients with myeloma treated with ninety-six-hour continuous infusion (Speth et al). 1987;41:661-5

Inhibition

Studies on theophylline metabolism: autoinduction and inhibition by antipyrine (Denlinger et al). 1987;41:522-30

International Union of Pharmacology

The Clinical Pharmacology Section of the International Union of Pharmacology (Ogilvie). 1987;41:365-7 (Commentary)

Intra-arterial vasodilator

Intra-arterial vasodilator agents to reverse human finger vasoconstriction (Coffman and Cohen). 1987;41:574-9

Intravenous administration

Acute, single, intravenous doses of cibenzoline: an evaluation of safety, tolerance, and hemodynamic effects (Humen et al). 1987;41:537-45

Pharmacokinetics and pharmacodynamics of esmolol administered as an intravenous bolus (Sintetos et al). 1987;41:112-7

Iopentol

Iopentol (USAN List No. 284). 1987;41:691

Ioversol

Ioversol (USAN List No. 284). 1987;41:681

Isoproterenol

Additive effect of theophylline on the cardiac response to isoproterenol (Cusack et al). 1987;41:289-96

A single dose of three different ophthalmic beta-blockers antagonizes the chronotropic effect of isoproterenol in healthy volunteers (Berlin et al). 1987;41:622-6

Isradipine

Isradipine (USAN List No. 284). 1987;41:690

Itazigrel

Itazigrel (USAN List No. 284). 1987;41:681

K

Ketanserin

The interactions of propranolol and ketanserin (Ochs et al). 1987;41:55-60

Ketorolac tromethamine

Ketorolac tromethamine as compared with morphine sulfate for treatment of postoperative pain (O'Hara et al). 1987;41:556-61

Kidney; see Renal effects

Kinetics; see also Pharmacokinetics

A kinetic analysis of fibrinogenolysis during plasminogen activator therapy (Noe and Bell). 1987;41:297-303

Nonlinear desipramine kinetics: prevalence and importance (Nelson and Jatlow). 1987;41:666-70

L

Letter

Estrogen dose-response relationship (Edgren) (Letter); (Strom and West) (Letter reply). 1987;41:587

Leukemia

Hepatic drug clearance in children with leukemia: changes in clearance of model substrates during remission-induction therapy (Relling et al). 1987;41:651-60

Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25

Liver

Hepatic drug clearance in children with leukemia: changes in clearance of model substrates during remission-induction therapy (Relling et al). 1987;41:651-60

Lack of effect of hepatic enzyme induction on metabolic control in patients with type 2 (non-insulin-dependent) diabetes (Korhonen et al). 1987;41:633-8

Simultaneous administration of multiple model substrates to assess hepatic drug clearance (Crom et al). 1987;41:645-50

Lovastatin

Lovastatin (USAN List No. 284). 1987;41:691

Lymphocyte

Dynamic exercise-induced increase in lymphocyte beta-2-adren-

ocaptors: abnormality in essential hypertension and its correction by antihypertensives (Brodde et al). 1987;41:371-9

M

Meptazinol

Human pharmacology and abuse potential of meptazinol (Johnson and Jasinski). 1987;41:426-33

Mercaptopurine

The effect of methotrexate on the bioavailability of oral 6-mercaptopurine (Balis et al). 1987;41:384-7

Metabolism

The effect of coadministration of verapamil on the pharmacokinetics and metabolism of quinidine (Edwards et al). 1987;41:68-73

Plasma biguanide levels are correlated with metabolic effects in diabetic patients (Marchette et al). 1987;41:450-5

Methadone

Pharmacokinetics and pharmacodynamics of methadone in patients with chronic pain (Inturrisi et al). 1987;41:392-401

Methotrexate

The effect of methotrexate on the bioavailability of oral 6-mercaptopurine (Balis et al). 1987;41:384-7

Methylparaben

Methylparaben (USAN List No. 284). 1987;41:684

Methylparaben sodium

Methylparaben sodium (USAN List No. 284). 1987;41:685

Methylprednisolone suleptanate

Methylprednisolone suleptanate (USAN List No. 284). 1987;41:682

Midazolam

Cimetidine and ranitidine increase midazolam bioavailability (Fee et al). 1987;41:80-4

Moclobemide

Moclobemide (USAN List No. 284). 1987;41:694

Momentasone furoate

Momentasone furoate (USAN List No. 284). 1987;41:693

Myeloma

Plasma and cellular Adriamycin concentrations in patients with myeloma treated with ninety-six-hour continuous infusion (Speth et al). 1987;41:661-5

N

Natriuretic peptides

Pharmacokinetics of synthetic atrial natriuretic peptides (Biollaz et al). 1987;41:671-7

New drug application

New indications for already-approved drugs: time trends for the new drug application review phase (Spivey et al). 1987;41:368-70 (Commentary)

Nicardipine

Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

Nicotine

Determinants of nicotine intake while chewing nicotine polacrilex gum (Benowitz et al). 1987;41:467-73

Influence of tobacco abstinence on the disposition kinetics and effects of nicotine (Lee et al). 1987;41:474-9

Nifedipine

Rate of increase in the plasma concentration of nifedipine as a major determinant of its hemodynamic effects in humans (Kleinbloesem et al). 1987;41:26-30

Nomifensine

Noradrenergic and dopaminergic effects of nomifensine in healthy volunteers (Scheinin et al). 1987;41:88-96

Noradrenergic effects

Noradrenergic and dopaminergic effects of nomifensine in healthy volunteers (Scheinin et al). 1987;41:88-96

Nortriptyline

Little anticholinergic effect of E-10-hydroxynortriptyline compared with nortriptyline in healthy subjects (Nordin et al). 1987;41:97-102

Nucleotide

Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25

O

Olsalazine sodium

Olsalazine sodium (USAN List No. 284). 1987;41:694

Ophthalmic beta-blocker

A single dose of three different ophthalmic beta-blockers antagonizes the chronotropic effect of isoproterenol in healthy volunteers (Berlin et al). 1987;41:622-6

Oral contraceptive

Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70

Orthopedic pain

Fluradoline and aspirin for orthopedic postoperative pain (McQuay et al). 1987;41:531-6

Oxendolone

Oxendolone (USAN List No. 282). 1987;41:481

Oxidation

Evidence for altered catalytic properties of the cytochrome P-450 involved in sparteine oxidation in poor metabolizers (Osikowska-Evers et al). 1987;41:320-5

Oxipurinol

Sustained reductions in oxipurinol renal clearance during a restricted diet (Park et al). 1987;41:617-21

P

Pain

Fluradoline and aspirin for orthopedic postoperative pain (McQuay et al). 1987;41:531-6

Ketorolac tromethamine as compared with morphine sulfate for treatment of postoperative pain (O'Hara et al). 1987;41:556-61

Pharmacokinetics and pharmacodynamics of methadone in patients with chronic pain (Inturrisi et al). 1987;41:392-401

Pefloxacin mesylate

Pefloxacin mesylate (USAN List No. 282). 1987;41:481

Penamcillin

Penamcillin (USAN List No. 283). 1987;41:595

Pentastarch

Pentastarch (USAN List No. 284). 1987;41:683

Pentipine maleate

Pentipine maleate (USAN List No. 284). 1987;41:692

Pentopril

Inhibition of renal clearance of furosemide by pentopril, an angiotensin-converting enzyme inhibitor (Rakhit et al). 1987;41:580-6

Peptide

Pharmacokinetics of synthetic atrial natriuretic peptides (Biollaz et al). 1987;41:671-7

Permethrin

Permethrin (USAN List No. 284). 1987;41:694

Pharmacodynamics

Age and the pharmacokinetics and pharmacodynamics of chronic enalapril treatment (Less and Reid). 1987;41:597-602

- Pharmacokinetics and pharmacodynamics of esmolol administered as an intravenous bolus (Sintetos et al). 1987;41:112-7
- Pharmacokinetics and pharmacodynamics of methadone in patients with chronic pain (Inturrisi et al). 1987;41:392-401
- Pharmacogenetics**
- Pharmacogenetic application of methods from population genetics (Kimberling et al). 1987;41:3-10 (Commentary)
- Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25
- Pharmacokinetics**
- Age differences in trimethoprim pharmacokinetics: need for revised dosing in children (Hoppu). 1987;41:336-43
- Age and the pharmacokinetics and pharmacodynamics of chronic enalapril treatment (Less and Reid). 1987;41:597-602
- Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70
- Dose-dependent pharmacokinetics of acetaminophen: evidence of glutathione depletion in humans (Slattery et al). 1987;41:413-8
- The effect of coadministration of verapamil on the pharmacokinetics and metabolism of quinidine (Edwards et al). 1987;41:68-73
- Interpatient and inpatient variability in vinblastine pharmacokinetics (Ratain et al). 1987;41:61-7
- Pharmacokinetics and depressor effect of delapril in patients with essential hypertension (Shionoiri et al). 1987;41:74-9
- Pharmacokinetics and electrophysiologic interactions of amiodarone and procainamide (Windle et al). 1987;41:603-10
- Pharmacokinetics and pharmacodynamics of esmolol administered as an intravenous bolus (Sintetos et al). 1987;41:112-7
- Pharmacokinetics and pharmacodynamics of methadone in patients with chronic pain (Inturrisi et al). 1987;41:392-401
- Pharmacokinetics of streptokinase in patients based on amidolytic activator complex activity (Grierson and Bjornsson). 1987;41:304-13
- Pharmacokinetics of synthetic atrial natriuretic peptides (Biollaz et al). 1987;41:671-7
- Plasma and cerebrospinal fluid pharmacokinetics of 3'-azido-3'-deoxythymidine: a novel pyrimidine analog with potential application for the treatment of patients with AIDS and related diseases (Klecker et al). 1987;41:407-12
- Pharmacology and therapeutics**
- The future of clinical pharmacology and therapeutics (Dollery). 1987;41:1-2 (Commentary)
- Phenylpropanolamine polistirex**
- Phenylpropanolamine polistirex (USAN List No. 281). 1987;41:364
- Piridronate sodium**
- Piridronate sodium (USAN List No. 282). 1987;41:282
- Piroxicam cinnamate**
- Piroxicam cinnamate (USAN List No. 284). 1987;41:683
- Plasma**
- Effects of indenolol on blood pressure, lower limb blood flow, adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50
- Plasma and cerebrospinal fluid pharmacokinetics of 3'-azido-3'-deoxythymidine: a novel pyrimidine analog with potential application for the treatment of patients with AIDS and related diseases (Klecker et al). 1987;41:407-12
- Rate of increase in the plasma concentration of nifedipine as a major determinant of its hemodynamic effects in humans (Kleinbloesem et al). 1987;41:26-30
- Plasminogen**
- A kinetic analysis of fibrinogenolysis during plasminogen activator therapy (Noe and Bell). 1987;41:297-303
- Platelet**
- Relationships between thromboxane production, platelet aggregability, and serum concentrations of ibuprofen or flurbiprofen (Cox et al). 1987;41:510-21
- Polacrilex gum**
- Determinants of nicotine intake while chewing nicotine polacrilex gum (Benowitz et al). 1987;41:467-73
- Population genetics**
- Pharmacogenetic application of methods from population genetics (Kimberling et al). 1987;41:3-10 (Commentary)
- Postoperative pain**
- Fluradoline and aspirin for orthopedic postoperative pain (McQuay et al). 1987;41:531-6
- Ketorolac tromethamine as compared with morphine sulfate for treatment of postoperative pain (O'Hara et al). 1987;41:556-61
- Procainamide**
- Pharmacokinetics and electrophysiologic interactions of amiodarone and procainamide (Windle et al). 1987;41:603-10
- Propranolol**
- Bromazepam pharmacokinetics: influence of age, gender, oral contraceptives, cimetidine, and propranolol (Ochs et al). 1987;41:562-70
- The effects of verapamil and propranolol on exercise tolerance in hypertensive patients (Mooy et al). 1987;41:490-5
- Increased clearance of propranolol and theophylline by high-protein compared with high-carbohydrate diet (Fagan et al). 1987;41:402-6
- The interactions of propranolol and ketanserin (Ochs et al). 1987;41:55-60
- Propylene glycol**
- The effect of propylene glycol on antipyrine clearance in humans (Nelson et al). 1987;41:571-3
- Propylparaben**
- Propylparaben (USAN List No. 284). 1987;41:685
- Propylparaben sodium**
- Propylparaben sodium (USAN List No. 284). 1987;41:684
- Pseudoephedrine polistirex**
- Pseudoephedrine polistirex (USAN List No. 281). 1987;41:363
- Q**
- Quinidine**
- The effect of coadministration of verapamil on the pharmacokinetics and metabolism of quinidine (Edwards et al). 1987;41:68-73
- R**
- Ranitidine**
- Cimetidine and ranitidine increase midazolam bioavailability (Fee et al). 1987;41:80-4
- Renal effects**
- The effect of fenoldopam, a dopaminergic agonist, on renal hemodynamics (Allison et al). 1987;41:282-8
- Effects of sulindac on renal and extrarenal eicosanoid synthesis (Ciabattini et al). 1987;41:380-3
- Elimination of enoxacin in renal disease (Bury et al). 1987;41:434-8
- Inhibition of renal clearance of furosemide by pentopril, an angiotensin-converting enzyme inhibitor (Rakhit et al). 1987;41:580-6
- Sustained reductions in oxipurinol renal clearance during a restricted diet (Park et al). 1987;41:617-21
- D-Xylose absorption and disposition in patients with moderately impaired renal function (Worwag et al). 1987;41:351-7
- Renin**
- Effects of indenolol on blood pressure, lower limb blood flow,

- adrenergic reflexes, and plasma renin activity (Poggesi et al). 1987;41:344-50
- Research**
Research utility of noninvasive methods for measurement of cardiac output (Hinderliter et al). 1987;41:419-25
- Review phase of new drug applications**
New indications for already-approved drugs: time trends for the new drug application review phase (Spivey et al). 1987;41:368-70 (Commentary)
- Reviewers**
List of reviewers. 1987;41:589
- Ribavirin**
Ribavirin disposition in high-risk patients for acquired immunodeficiency syndrome (Lastin et al). 1987;41:546-55
- Rolgamidine**
Rolgamidine (USAN List No. 283). 1987;41:595

S

- Safety**
Acute, single, intravenous doses of cibenzoline: an evaluation of safety, tolerance, and hemodynamic effects (Humen et al). 1987;41:537-45
- Sedecamycin**
Sedecamycin (USAN List No. 284). 1987;41:686
- Serotonin**
The serotonin uptake inhibitor citalopram attenuates ethanol intake (Naranjo et al). 1987;41:266-74
- Serum**
The effect of sorbitol and activated charcoal on serum theophylline concentrations after slow-release theophylline (Goldberg et al). 1987;41:108-11
Relationships between thromboxane production, platelet aggregability, and serum concentrations of ibuprofen or flurbiprofen (Cox et al). 1987;41:510-21
- Smokeless tobacco**
Physiologic and subjective changes from smokeless tobacco withdrawal (Hatsukami et al). 1987;41:103-7
- Smoking**
Determinants of nicotine intake while chewing nicotine polacrilex gum (Benowitz et al). 1987;41:467-73
Influence of tobacco abstinence on the disposition kinetics and effects of nicotine (Lee et al). 1987;41:474-9
- Sorbitol**
The effect of sorbitol and activated charcoal on serum theophylline concentrations after slow-release theophylline (Goldberg et al). 1987;41:108-11
- Sparteine**
Evidence for altered catalytic properties of the cytochrome P-450 involved in sparteine oxidation in poor metabolizers (Osikowska-Evers et al). 1987;41:320-5
- Spirapril hydrochloride**
Spirapril hydrochloride (USAN List No. 284). 1987;41:679
- Splanchnic hemodynamics**
Effect of calcium antagonists on basal and digitalis-dependent changes in splanchnic and systemic hemodynamics (Gasic et al). 1987;41:460-5
- Streptokinase**
Pharmacokinetics of streptokinase in patients based on amidolytic activator complex activity (Grierson and Bjornsson). 1987;41:304-13
- Sufotidine**
Sufotidine (USAN List No. 280). 1987;41:124
- Sulfation**
The effect of acetaminophen on the disposition of fenoldopam: competition for sulfation (Ziemniak et al). 1987;41:275-81
- Sulindac**
Effects of sulindac on renal and extrarenal eicosanoid synthesis (Ciabattini et al). 1987;41:380-3

Sunitang

- Hemodynamic effects of orally administered Sunitang in humans (Chen and Hsieh). 1987;41:496-501

Survival analysis

- Survival analysis of adverse effects data in the Beta-Blocker Heart Attack Trial (Davis et al). 1987;41:611-6

Sympathetic activity

- Influence of baseline hemodynamic status and sympathetic activity on the response to nicardipine, a new dihydropyridine, in patients with hypertension or chronic congestive heart failure (Ryman et al). 1987;41:483-9

T

Theophylline

- Additive effect of theophylline on the cardiac response to isoproterenol (Cusack et al). 1987;41:289-96
The effect of sorbitol and activated charcoal on serum theophylline concentrations after slow-release theophylline (Goldberg et al). 1987;41:108-11
Increased clearance of propranolol and theophylline by high-protein compared with high-carbohydrate diet (Fagan et al). 1987;41:402-6
Stability of theophylline elimination rate (Milavetz et al). 1987;41:388-91
Studies on theophylline metabolism: autoinduction and inhibition by antipyrine (Denlinger et al). 1987;41:522-30
Ticlopidine-theophylline interaction (Colli et al). 1987;41:358-62

6-Thioguanine nucleotide

- Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25

Thiopurine

- Thiopurine pharmacogenetics in leukemia: correlation of erythrocyte thiopurine methyltransferase activity and 6-thioguanine nucleotide concentrations (Lennard et al). 1987;41:18-25

Thromboxane

- Relationships between thromboxane production, platelet aggregability, and serum concentrations of ibuprofen or flurbiprofen (Cox et al). 1987;41:510-21

Ticlopidine

- Ticlopidine-theophylline interaction (Colli et al). 1987;41:358-62

Tifurac sodium

- Tifurac sodium (USAN List No. 284). 1987;41:694

Tilomisol

- Tilomisol (USAN List No. 284). 1987;41:683

Tobacco

- Influence of tobacco abstinence on the disposition kinetics and effects of nicotine (Lee et al). 1987;41:474-9
Physiologic and subjective changes from smokeless tobacco withdrawal (Hatsukami et al). 1987;41:103-7

Tolerance

- Acute, single, intravenous doses of cibenzoline: an evaluation of safety, tolerance, and hemodynamic effects (Humen et al). 1987;41:537-45

Tolgabide

- Tolgabide (USAN List No. 284). 1987;41:682

Topiramate

- Topiramate (USAN List No. 284). 1987;41:692

Trimethoprim

- Age differences in trimethoprim pharmacokinetics: need for revised dosing in children (Hoppy). 1987;41:336-43

U

United States Adopted Names Council

- USAN Council. 1987;41:124-5; 363-4; 481-2; 595-6, 679-94

Urofollitropin

Urofollitropin (USAN List No. 284). 1987;41:686

V**Vasoconstriction**

Intra-arterial vasodilator agents to reverse human finger vasoconstriction (Coffman and Cohen). 1987;41:574-9

Vasodilator

Intra-arterial vasodilator agents to reverse human finger vasoconstriction (Coffman and Cohen). 1987;41:574-9

Ventricular ectopy

Atenolol for ventricular ectopy: a dose-response study (Fenster et al). 1987;41:118-23

Verapamil

The effect of coadministration of verapamil on the pharmacokinetics and metabolism of quinidine (Edwards et al). 1987;41:68-73

The effects of verapamil and propranolol on exercise tolerance in hypertensive patients (Mooy et al). 1987;41:490-5

Vinblastine

Interpatient and inpatient variability in vinblastine pharmacokinetics (Ratain et al). 1987;41:61-7

W**Withdrawal**

Physiologic and subjective changes from smokeless tobacco withdrawal (Hatsukami et al). 1987;41:103-7

X**Xylose**

D-Xylose absorption and disposition in patients with moderately impaired renal function (Worwag et al). 1987;41:351-7

Z**Zidovudine**

Zidovudine (USAN List No. 284). 1987;41:693

Zolpidem tartrate

Zolpidem tartrate (USAN List No. 284). 1987;41:681
